Great and we're still in active campaign mode of collecting petitions.
With Council off in July, we like it to go to committee as soon as possible.

I'll let Eugene and Miranda know we've got a verified 50% now.

Thanks.

Without the Calif Tool petition, I have the petition drive at 50.17%

I'm sure that our management here would like you to continue your drive until that time when we submit the report for Council review.

I'll update you when the City petition is signed.

No, didn't know Mario was out.

Thanks for checking on the petitions.

I haven't looked at the rest of the petitions yet, have been working on other BIDs with tighter timelines.
I don't know if you knew this but we're short one technical staff member. Mario has been out of the

office since the first week of January.

I'll review the other petitions right now.

Yeah, noticed the property owner box still has the other name in there. I'll get him to fill out a new, clean petition with Cal Tool on it.

Even without this petition, we've cleared 50%, right?

Aaron, I don't think we can accept a petition as convoluted as this. I see that Darryl Holter is an officer of Calif Tool Co, couldn't he just sign the original petition without changing the name, and writing in Calif Tool Co in the property owner box? A petition completed like that should be fine.

I think he thought there was a change in ownership name (and maybe their is one in the works for the future) and had forgot they purchased the entire company rather than just the land portion.

The old Cal Tool location/headquarters is in the process of converting to a new Nissan Dealership.

Then why did Mr. Holter cross out Calif Tool Co and write in 1929 Auto Center West?

Hi Dennis,

As mentioned, the explanation on the Calif Tool parcel is below.

Thanks.

Monique,

The ownership in Cal Tool is correct as Shammass bought that company and real estate ownership did not change.

Best regards,

Street, Los Angeles

Hi Jay

The County still has the former California Tool parcel listed under that owner name 'California Tool'. For the BID renewal petition to be counted, we need some proof of the sale or new owner name like a deed or closing statements per the City Clerk's office. Do you have either of these documents.? Darryl Holter is asking.

Best,

Monique
